W.S.S. WAR SAVINGS STAMPS ISSUED BY THE UNITED STATES GOVERNMENT

VOL. LIX: No. 18. REDWOOD CITY, CALIFORNIA, SATURDAY, AUGUST 2, 1919 ESTABLISHED 1859

REDWOOD CITY AVIATION FIELD IS HIGHLY PRAISED BY EXPERT WHO MADE RECENT INVESTIGATION

The Redwood City Aviation Field has been pronounced by expert birdmen to be one of the finest in the United States and is attracting attention everywhere. During the week four army flyers arrived here from the Ellington Field at Texas and after flying over the Redwod field pronounced it the best in the country. The four army flyers are making a circuit of the western states gathering information for the government. They all were enthusiastic about the local field. Flights may be made here more days in the year owing to perfect weather conditions than in any other place in the world. This fact is rapidly becoming known to the air men and it would not be surprising to see a big field established here by the government.

Colonel Chandler was here on Tuesday gathering information for the balloon division of the aerial corps of the U. S. army. He, too, was well pleased with the field and spoke highly of its possibilities. The Colonel confidentially said that it was the purpose of the government to construct two large hangars to house at least two balloons larger than the celebrated R-34 in England. These hargars would be built some place about the bay section. The colonel declared in confidence that the locality here pleased him more than any other section. He will make a favorable report to the government about the local situation. He was taken over these sections in an air plane by Professor Bryant and shown all points of interest. He went away with splendid ideas of the Redwood field.

With a view to selecting a suitable tract to serve as an auxiliary field to the municipal landing station for airplanes in San Francisco on occasions when the latter is inaccessible. Sidney S. Bibbero, secretary of the Pacific Aero Club on Sunday, made a flight over Redwood City with Frank Bryant of the Redwood City Aviation School.

As the result of his inspection, Bibbero will report to the Pacific Aero Club that the Redwood City field is one of the finest he has seen for landing purposes, air and land conditions being ideal, and the tract permitting of easy expansion.

When the electric light poles are removed from the Redwood field there will be big room for expansion. It can be then made the largest flying field in the country. It is understood the Pacific Gas and Electric company contemplates removing the high tension wires to another route in the near future. The wires are of no menace to the field but their removal will admit of larger expansion of the field so that it could easily be made the largest in the country.

Mr. Bryant says his school is rapidly growing. He has five machines going all the time. He has many applications from prospective students all over the western states who are anxious to come here and take the course. Among the students here are a number of Chinese who take to the air like a duck to water. They are apt scholars, fearless and are enthusiastic birdmen.

A $100,000 aviation deal was closed here Sunday when the Tool Quong Aviation Corporation of Shanghi and Canton agreed to purchase twelve aeroplanes from Frank Bryant of the Redwood City Aviation School.

The order includes four De Haviland planes at $12,000 each, two Curtiss Aarmy-type planes at $9000, four Curtiss special make machines at 03000, two Standard planes at $4000 and a number of training planes and other accessories totalling $100,000.

Twenty San Francisco Chinese merchants visited Redwood Sunday and made demonstration trips over the field school. Tong Shang Chinn, president of the corporation, made a trip to San Francisco and flew over Chinatown.

The corporation will ship the planes to China, where a school will be founded for Chinese students. The deal was engineered by Chung Foon and Toy Gong, Chinese aviators, who were graduated from the Redwood City aviation school. They recently returned from China.

On Tuesday Mrs. Elizabeth M. Nash, county clerk, received the following letter from Senator Hiram W. Johnson concerning the base hospital at Menlo Park, the letter is self-explanatory:

United States Senate, Committee on Military Affairs, Washington, D. C., July 23, 1919.—Mrs. Elizabeth M. Nash, Clerk, Board of Supervisors, Redwood City, California. Permit me to quote to you abstract from a letter which I have received from the Surgeon General, U. S. Public Health Service, relative to the Base Hospital at Menlo Park:

"I beg to advise you that the question of the purchase of this property is still under advisement by the Bureau, but that if it is finally consummated, the present temporary buildings will eventually be replaced by a permanent, fire-proof structure of artistic design, and the grounds will be planted in the manner of a park, which cannot but help to beautify and improve the appearance of the locality as awhole.

"If constructed, the building would be used as a general hospital, and I feel certain in assuring you that the final result would be fully in keeping with the high character of the surrounding development."

Sincerely,
HIRAM W. JOHNSON.

INTEREST ON STATE MONEY RAPIDLY INCREASING

During the past six months interest collections on state deposits have exceeded in amount any like period in the history of the state, according to a report just made by State Treasurer Friend W. Richardson. The collections from January 1 to July 1 this year total $175,172.81, and show that the earning power of the state's money has been increased by Richardson 33 per cent and will mean an annual gain of more than $60,000.

At present the rate of interest on deposits averages 3.11 per cent. Recently bids have been running at 3¼ and 3½ per cent. When Richardson took office the average rate was less than 2 1-3 per cent. The increase has been brought about by a strict compliance with the law in putting deposits on a compatitive basis.

The total amount of interest collections this year will probably exceed $300,000, and this amount will pay all the running expenses of the state treasurer's office and all salary rolls of the following offices: Governor, secretary of state, controller, attorney general, surveyor general, superintendent of public instruction, state board of equalization and state board of education.

SAN CARLOS NOTES

Miss Georgie Zeh returned home last Tuesday from a three weeks' auto outing in the Yosemite and at Lake Tahoe, the the guest of Mr and Mrs. R. G. Leggett of the Shell Oil Co. at Palo Alto.

Milpitas continues to be one of the extraordinary towns, it's citizens, either collectively or individually, are everlastingly doing the unusual. Their popular postmaster, Mr. E. P. Giacomazzi, with an unusual name, remits a check drawn on the Milpitas branch of the Bank of Italy, to the secretary-treasurer of the National League of Postmasters covering four year's dues in advance. This should make some of the slackers in San Mateo and Santa Clara counties sit up and take notice, at a time when our state convention at Santa Cruz is only two months off.

Mr. W. H. Foote and family were so disgusted with the San Francisco climate that they have moved into their new bungalow near the school house before it is completed.

Mr. Robt. E. Johnston, the contractor, has received another car load of sewer pipe to use ni the extension of our sewer system to accommodate the many new residents.

Clinton B. Ward of San Jose and one of the popular representatives of the Order of Railroad Telegraphers during Jno. E. Cowgill's administration as General Chairman was a San Carlos visitor last Saturday.

Mrs. Jno. A. Boyd, her sister, Miss Esther Corbet and her three charming and talented daughters returned home Thursday, the 31st, from a four weeks' outing at Brookdale.

Young Miss Helen Curtin from Vallejo is here for a visit with her aunt, Mrs. S. D. Schivo.

Miss Carrie Beveridge, who recently came up from the Lone Star state for a tour of California has taken apartments at 1177 Union stret San Francisco.

Mrs. Fred H. Drake, the wife of the popular real estate promoter, has returned from an extended visit with friends and relatives in Eastern Oregon, and in and around the metropolis of the state.

Mr. and Mrs. H. A. Gaspar have moved from their home in San Francisco and have taken up temporary quarters at the Hurlbut apartments, during Mr. Gaspar's temporary employment at Reed's school.

The following were out-of-town guests at the Ohio building last Sunday: Lieut. J. W. Creigler, H. J. Broom, C. V. Lawrence and the Misses Ruth, Allen and Ada Bradford of San Francisco. Geo. W. Kneassh and wife, Miss Ruth Sheehan, Sergt. J. P. Hansen of San Mateo.

Mr. Valentine Treat who recently returned from New York City with his charming young bride is to remain with us only temporarily owing to Mr. Treat's connection as President of the Trego Doll Manufacturing Co., one of the great industries of the east which have sprung up as a result of the war for the manufacture of such toys as was formerly supplied by the Huns. Mr. Treat claims that the joint limb doll turned out by his company is superior to the best which were imported from Germany into this country before the war and he expects to place his doll in every retail store on the Pacific coast. Owing to his business making it necessary for him to take up permanent residence in the east, Mr Treat has been forced to place his beautiful bungalow on the market at considerable sacrifice. In view of the high prices for building material at the present time some one is going to find a bargain in the purchase of this modern rustic home.

A great deal of our mayor's valuable time is taken up nigiving timetable directions, excursion rates, passenger and freight routing to the people living in our neighboring town, Redwood City; all on account of the folks in that rural district reading no further than "Southern Pacific Co." in the phone directory. On the line below S. P. Redwood City, 281-J, is San Carlos No. 294-Y, hence the mistake. And while our Mayor is fairly good natured at times (?), and always willing to do just a little more than he's paid for, and also glad to relieve his overworked railway brethren at the county seat of these annoyances, yet there's a limit, and some times we very much doubt the oversight (?) of the inquisitors.

Mrs. M. A. Stevens and her charming and tallented daughter, Miss Edna; Mr. and Mrs. N. T. and Mr. H. L. Ladd, Miss Mabel King and the Mr. and Mrs. H. Caldwell of San Francisco were week-end guests of the Treats.

APPLIES FOR LETTERS OF GUARDIANSHIP

Morris McK. Wild has applied in the superior court for letters of guardianship upon the person and estates of Ivan and Louise M. Wild. The petitioner is the father of the minors who have an estate in Lowell, Mass. consisting of a bequeath of $5000 each from the estate of C. A. Hodley. Rodgers and Smith of Palo Alto are the attorneys for petitioner.

SUIT FOR DAMAGES

George J. Rogers, through his attorney, Gilbert D. Ferrell, has brought suit in the superior court against A. Volonte to recover damages in the sum of $576.50 for injuries received during an automobile collision at Burlingame on April 2, 1919. The complaint alleges that the defendant was driving an automobile at that time in Burlingame at a high rate of speed running into plaintiff who also was driving a machine in an opposite direction. The plaintiff's machine was damaged to the extent of $350. Rogers asks for general damages in the sum of $450 and special damages in the sum of $126.50.

J. W. Emery, a discharged soldier employed at the quartermaster's department at Camp Fremont, was seriously hurt yesterday when he and a refrigerator were both knocked off a truck by a limb of a tree under which the truck passed. He is now in the public health service hospital with a dislocated hip and fractured thigh bone. Emery was on the truck which was moving the large army refrigerator from one building to another. Both were brushed off when the machine passed under a low tree limb and the refrigerator rolled over on Emery, pinning him down and injuring his hip. He was taken at once to the hospital, where he will be cared for and will receive partial compensation. Emery is from Georgia. He was formerly stationed at Camp Fremont, and after his discharge from the service was employed there by the quartermaster's department.

From a clipping from an eastern paper received here on Thursday, it is learned that Henry Ford still has in mind the Camp Fremont property for his site for the new factory he is soon to establish on the coast. From the article it seems that Mr. Ford thinks highly of the local site and may conclude to locate his mammoth factory here.

Many from here went to San Francisco last Saturday to attend the funeral absequies of the late William J. O'Neill who died at St. Mary's hospital on Thursday evening of last week. His robust honesty and strong religious ferver made him many admirers. Mr. O'Neill was a faithful, honest and God-fearing man beloved by all who knew him. Mr. O'Neill was born in Ireland, 65 years ago and is survived by two sons and his wife and a brother, Daniel O'Neill, the retired capitalist. Before coming to Menlo Park Mr. O'Neill had been a resident of San Francisco for nearly forty years.
